

AVerMedia

PW313 FULL HD WEBCAM

Meet, stream and everything in between

SHARE YOUR MOMENTS

The AVerMedia PW313, is a simple, plug and play solution that captures superior video for streaming and podcasting. Whether you clip it to your computer's monitor, or mount it to a tripod for better stability, the 360-degree swiveling base makes it easy to find the best camera angle.

Content creators especially appreciate the privacy shutter, allowing you to instantly "mute" your video as well as keep your lens covered when not in use. The PW313 connects to your computer via USB 2.0, and you'll have access to exclusive filters and video effects when you use it with the AVerMedia CamEngine recording and streaming software. So whether you're venturing into podcasting and streaming, or simply looking for a better-quality video conference solution, the AVermedia PW313 is a smart combination of simplicity and quality.
